BOOZE OR MEDICINE?

Which will you have? If a woman suffering from one of the delicate ailments peculiar to your sex it will be well for you to know that Dr. Pierce's Favorite Prescription is the only remedy advertised for such maladies which is absolutely free from intoxicating liquors and all other harmful agents. The good you feel from its use is not the delusive exhileration from a tippling beverage, from which the system reacts into a worse condition than before. It may be a little slower in manifesting its bracing and invigorating action, but its benefits are none the less positive and, best of all, they are *lasting*. It's an honest medicine—not a beverage.

"I have been taking your medicine for the last three weeks and can say I am gaining strength," writes Mrs. Seneth Kinny, of 625 East Madison Street, Mount Pleasant, Iowa. "I have been having very poor health all winter. I doctored with our family doctor but was relieved only while taking the medicine. I took Dr. Pierce's medicine several years ago. I knew it was good for any one suffering with female trouble. Have taken only one bottle and am gaining strength very fast. I could not eat nor sleep when I began taking the 'Favorite Prescription.' Heart troubled me and I had cold and numb spells till my heart would almost stop beating. Have had one child since first taking your medicine. If I continue with your treatment am positive I will be cured."

Every suffering woman in this land should write to Dr. Pierce and learn how certainly he can help her to health and strength. It costs nothing to write and receive entirely free the advice of one of the most experienced physicians in this country. His great thousand-page book the Common Sense Medical Adviser, in stiff paper covers, will be sent free for 21 one-cent stamps the bare cost of mailing; or, send 31 stamps for cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Pierce's Pleasant Pellets

These ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago, have been much imitated but never equaled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged Stomachs, Livers and Bowels and their attendant distressful ailments. One or two a laxative, three or four a cathartic.

Don't allow the dealer to insult your intelligence by offering his own remedy to you instead of this well-known preparation of Dr. Pierce.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.

Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

Digests What You Eat

Dollar bottle holds 2½ times as much as 50c trial, or 50 cent size.

"I wish to acknowledge the benefit I derived from using your powder. My feet were excessively tender, burning and blistering. The footwear was usually damp and odorous, and as I was on my feet many hours daily, they were hours of torture. Your powder gave me relief from ALL these troubles."

HAVE YOU TRIED IT?

Golden Relief Foot Powder is different from all other powders. It is not a mere toilet luxury. To any one suffering from tender, feverish, perspiring feet it is indispensable. It keeps the skin absolutely dry and healthy and positively destroys all odor of the footwear. Get a box today of your druggist.

A Much-married Man.

According to the statements of the police yesterday Dr. George A. Witzhoff, of New York, is known to have married at least fifty women, and may have led double this number to the altar, gave drugs to at least one of his wives.

This woman is Miss Etta Randall, of Boston, who married him in 1903, and who believed in him until six months later, when, it is alleged, he robbed and deserted her. A bench warrant is out for his arrest, and it is reported that he will be apprehended in a few hours.

Reporters yesterday located Miss Dora Dorf, who was one of the women the doctor married and afterward deserted. Miss Dorf is very bitter against him, and since his desertion of her has looked into his record.

"I want to say that this man in 1900, just five years ago, married seven women in one week," she declared. "I have looked this up, and I know of what I speak. He married a different woman every night of that week, and after robbing them, deserted them.

"During this week of marrying he used different names. The records of the board of health show that he was married to three different women under three different names the week of which I speak. In every case he got the woman's money and jewelry, as he did mine, and then disappeared. I cannot describe how polished this man was and how he managed to fascinate women. He seemed to have a power over every woman that came in his way, and the way he made love was unlike anything I had ever imagined."

Miss Dorf, who is the daughter of a tailor, met the doctor at a dance married him after a brief courtship. He borrowed several hundred dollars from his new father-in-law and then started on a honeymoon trip with his bride. He took her to a disorderly resort, she says, and then put a revolver to her head and made her sign a check of $810. After he had got the check he deserted her and left her to get home as best she could. Since then Miss Dorf has been looking for him, and she has testified before the grand jury what she knows of him.

Endeavoring to Block Peace.

M. Briantchaninoff, the correspondent of the St. Petersburg Slovo, in his cable dispatch to his paper yesterday dwelt upon the reported role played by Emperor William. He wrote:

"There is a factor in the situation which has not appeared on the surface, but which nevertheless has played a big role. It is Emperor William. The deep impression produced by the meeting of the two sovereigns at Bjorke is known, and it is also known that Emperor William returned home enchanted. We have read about the efforts which are being made by the German press to prove the solidarity of the Kaiser with Roosevelt's undertaking, but the Kaiser is thinking only of Germany.

"For the good of Germany it is necessary that Russia should be engaged in the far East as long as possible, so as to be free to force France to join Germany and break with England. For this purpose it is necessary to defeat President Roosevelt's object, in order that subsequently, when Russia is exhausted, Emperor William may become the mediator between her and Japan thus to isolate England by menacing France with a rupture of her alliance with Russia, all of which will conduce to the German hegemony of continental Europe.

"And to accomplish all this it is necessary to persuade Emperor Nicholas that he must not bow before the failures which have come; that all great nations have had to suffer such, and it is his duty to give the armies of Linevitch a chance to turn the scale of war. There is luck in battle. Fortune has thus far been with the Japanese, but luck changes and will change. The Emperor, surrounded by the military parties, cannot resist lending a favorable ear to such words, and that will make further concessions very difficult.

"All the forces working for peace should concentrate their efforts to demonstrate to Emperor Nicholas that the prolongation of the war cannot sensibly change the ultimate conditions of peace, and that it is time to cease working in the interests of the King of Prussia."

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the oldfashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in in case of cholera infantum. For sale by Gibson & Timberman and W. F. Creighton & Co

Believes War Will Continue.

A dispatch from St. Petersburg says: "That the war is to continue is indicated by the feverish activity shown everywhere in preparing for the supreme struggle. Half a million troops that participated in the summer maneuvers are available for duty in Manchuria and a large proportion of them are to be dispatched there as rapidly as possible." Prince Wolkowsky said yesterday: 'Peace is impossible. President Roosevelt's last attempt to bring Russia and Japan to an agreement has failed because the Czar has solemnly promised his people to pay not a single kopeck of tribute and to surrender not an inch of territory. Never since it became an empire has Russia paid tribute or ceded territory. The first ruler of the nation who does either of these things signs his own death warrant. Such payment, however disguised, would provoke a revolution. Linevitch now commands the greatest army that Russia ever put into the field. The fruits of the vast sacrifices made to bring this about must be utilized. A great victory would bring genuine peace at home and abroad, but a humiliating treaty would be the signal for the bloodiest revolution in history, the enraged army joining with the despoiled people and turning their terrible anger against the established order of government.'"

Agonizing Burns

are instantly relieved, and perfectly healed by Bucklen's Arnica Salve. C. Rivenbark, jr., of Norfolk, Va., writes: "I burnt my knee dreadfully; that it blistered all over. Bucklen's Arnica Salve stopped the pain, and healed it without a scar." Also heals all wounds and sores, 25c at E. S. Leadbeater & Sons druggists.

NOTICE TO MARINERS.—August 19, 1905. Notice is hereby given that the channels through draw of Potomac Highway Bridge will be closed during erection of draw span, commencing this date, and that all vessels passing through bridge will be compelled temporarily to pass between piers No. 6 and No. 7, being span next draw on Washington side of channel. Eighteen feet of water can be carried here at mean low tide, this minimum depth prevailing for width of one-half of opening on side adjacent to draw, the opposite half shoaling rapidly to about ten feet depth at pier No. 6. It is suggested that masters of deep draft vessels keep safely on channel side of passage and that no more than one vessel attempt to pass through at one time. R. L. HOXIE, Lieut. Col. Alexandria Gazette AND VIRGINIA ADVERTISER

SATURDAY EVENING, AUG. 26, 1905.

A ST. LOUIS clergyman, who has just returned from a visit at the Santa Rosa, Cal., home of Luther Burbank, the famous plant culturist, says that Mr. Burbank told him that it was the great object of his life to introduce into the rearing of children the ideas which he has used so successfully in the creation of new forms of plant life. "Weeds and trees," said Mr. Burbank, "are responsive to few influences in their environment, but children are infinitely more responsive, and the failure to recognize the spiritual element in the child's environment has been fatal." Mr. Burbank added that every person could be physically, morally and spiritually perfect if the same attention were paid to his or her training that he was giving to weeds. The main principal of his child culture is to bring the child into relation with all the elements of its environment to which it is potentially responsive. It is suggested that Mr. Burbank open an experimental station in Alexandria. This is a fine field with ample material.

THE Equitable Life Assurance Society yesterday in New York filed its answer to Attorney General Mayer's suit admitting that certain Equitable officials had been guilty of improper conduct and joining in his prayer for relief. A member of the insurance investigating committee said political leaders might be summoned if it were shown that the mysterious loan in the Equitable controversy had been used for political purposes. This means republican political purposes and the leaders of that party fully believe that they are justifiable in using anybody's money in their efforts to keep that party in power.

NOT LONG ago Massachusetts cotton manufacturers were bewailing their inability to compete with southern manufacturers because they said wages are so low and the hours of labor so long in the South. But a southern manufacturer says the South has exhausted her supply of factory labor, and mills at Wesson, Miss., have engaged a hundred or more weavers in New Bedford at $2 a day for a year because they cannot get weavers in Mississippi.

AS THE result of a race war at Carlisle, Ind., the negro Baptist Church was destroyed early yesterday morning by dynamite, which was placed under the altar. A description of this outrage occupies a few lines in the northern papers, but should it have occurred in the South these same papers would have used "scare" head lines and a column of space in telling the story.

THE use of sulphate of copper to clear ponds of algæ and to purify the water has recently been recommended by certain scientists. Boston tried the plan and found it very successful in killing the algæ—and also tons of fish. It was wise, however, to make the experiment on fish and algæ before making it on Bostonians.

SPEAKER CANNON, who will be speaker of the next House of Representatives, while in Washington a few days ago said there will be no revision of the tariff. And no sane man believes there will be while the republicans are in power.

SECRETARY BONAPARTE has volunteered the information that he is not a candidate for the United States Senate to succeed Arthur Pue Gorman, of Maryland. Well, hardly. This would be too easy for Mr. Gorman.

NOW that scientists have discovered that drinking sour milk prolongs life, the last excuse is taken away from the dairymen and restaurant keepers who "embalm" milk with formaldehyde in order to keep it sweet.

THOSE WHO are keeping in touch with the fluctuations of the peace conference think the sky is brighter today for peace. It will, however, surprise but few if it should become overcast before the close of the day.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., August 26.

The indictments against former Statistician Edwin S. Holmes, jr., of Washington, and Frederick A. Peckham and Moses Haas, of New York, growing out of the alleged manipulation of the Agriculture Department's cotton crop reports, were made a matter of public record this morning. They were secretely returned by the grand jury on Tuesday and are two in number. They charge, under section 5440 of the Revised Statutes, "conspiracy to defraud the United States government" and "conspiracy to commit an offense against the United States government: to wit the offense of misconduct in office." The specific charge is that Holmes gave out advance information of the cotton reports for a consideration to certain New York brokers, and that Peckham and Haas were in collusion with him.

Consul General Miller, at Yokohoma, in a report on the subject of the recent seizure of American merchantmen by a Japanese warship near Siberia, says: "The Australia, owned by Carl Spreckels, was seized by the Japanese off Petropaviosk and is now at Yokohama. The authorities have turned the crew over to the American consul general. The ship has been sent before a prize court and the legal proceedings will probably consume some time. The captain and crew state they have no funds." Mr. Miller also reports that the American steamship Montana has been seized by the Japanese near the same place, but gives no details.

Consul General Rogers, at Shabgnai, cables the State Department as follows: "While the boycott still continues, there are no disturbances and the Chinese officials are endeavering to suppress the movement. On the while conditions appear more hopeful."

President Roosevelt's dive in the submarine torpedo boat Plunger at Oyster Bay yesterday was the topic of interested discussion about the Navy Department today. The authorized statement that the President would witness the manipulation of the submarine from the surface of the water was taken at its face value and none was more surprised at the chief executive's change of mind than the high officials of the navy who were already aware of Mr Roosevelt's deep interest in the newest type of naval vessel. They little thought that his enthusiasm extended to curiosity as to the practical working of the submarine's "inwards."

President Roosevelt late yesterday afternoon made a descent in Long Island Sound on board the submarine torpedo boat Plunger. He was aboard the vessel about three hours. At one time the little boat was submerged for fifty minutes, and in that time was put through all of the submarine feats of which she is capable. The President expressed last night satisfaction at the novel experience, and said that he was immensely impressed with the boat and with the manner in which she was handled.

The cases of the United States against the paper trust, known as the General Paper Company, reached the United States Supreme Court today in the shape of five appeals from five decisions of Judge Seaman, of the circuit court of the eastern district of Wisconsin. The United States, in its proceedings against the concern, was taking testimony before an examiner in Wisconsin. The General Paper Company's officers were summoned to bring books and papers and to answer certain questions. They refused to comply and the case was taken before Judge Seaman. He issued orders commanding compliance with the summons. From this decision the recalcitrant witnesses have now appealed to the Supreme Court.

A Suicide.

E. C. Schock, who was found dead, and whose body was badly decomposed when found in a room in Campbell's hotel, in Richmond, Thursday afternoon, died by his own hand.

The unfortunate man was penniless, and his penury, after days of good fortune, was shared by a beautiful young wife and one child who are said to be living in Staunton.

He used poison for his purpose, and took the fatal draught, it is believed, last Monday, dying a terrible death unattended in his room and lying dead there until his body was in a horrible condition of dissolution.

Schock left the following statement, which was scrawled across two pages of a little vest pocket date book:

"Aug. 21, '05:

"Having lost my position and no money is the cause of this act. My wife and child, the last I heard from them, they were at 20 S. Market street, Staunton, Va. My father lives at 220 Hobart street, Philadelphia, Pa.

"May God forgive me, is my wish.

"E. C. SCHOCK.

"My wife's father is J. A. Wishard, Smithsburg, Md."

Explosion of Fly Wheel.

One man was killed and five others injured by the bursting of a twenty-eight-foot fly wheel in the bar mill of the Tredegar Works, in Richmond, yesterday afternoon. The shed in which it was located was wrecked and the wheel, broken into several large pieces, flew in every direction, parts of it landing on Gamble's Hill Park, across the canal. Samuel Owen, a colored employe, working at a bench near the wheel, was struck by the largest piece of the flying machinery. His body was cut in two and a pile of debris was hurled upon it, killing him. Several other men were injured. The wheel burst with a dull report. It was being operated at a rapid speed by water power. The explosion and crash created excitement for blocks around the works, where the families of many of the workmen lived, and they flocked to the scene in frantic dread of the consequences to their loved ones. One workmen sitting in a chair in front of the wheel had a miraculous escape. His chair was crushed to pieces and the man pinned down by iron and wood rubbish, yet he escaped unhurt. The damage done by the wheel was several thousand dollars.

Woman Kept Negro at Bay.

News has just reached Fredericksburg of an attempt at criminal assault on Mrs. Alex. Ely at her home, near New Bridge, Spottsylvania county, by Overton Collins, a negro. Collins was at Mrs. Ely's place Monday morning and learned that Ely was going to Mineral. About an hour after Ely had gone Collins went into the kitchen where Mrs. Ely was washing the breakfast dishes. He had a club in his hand, and when he caught hold of Mrs. Ely made improper proposals, threatening to kill her if she refused. Mrs. Ely ran away from the negro and for two hours under great excitement kept him at bay, screaming and declaring Mr. Ely would soon return. Mrs. Ely finally frightened the negro away. He told her that he would kill her if she said anything about what had happened, and left. Mr. Ely returned at 1 o'clock, finding his wife in a state of collapse. Learning the cause, he went to Collins's house. The negro was not there. He then went to Justice Hester and a warrant was sworn out. Collins was arrested and is in Spottsylvania jail. He was yesterday sent on for trial.

The Returns.

The primary election returns in the State are yet far from complete. The only effect of recent returns is to place Willard in second instead of third place on the gubernatorial ticket. The indications are that Willard leads Mann by over 500.

Under the plan of the State primary, the country and city committees have five days in which to get the returns completed and send them to the chairman of the State committee.

Official France seems to suspect that Emperor William is obstructing peace.

News of the Day.

John L. Sullivan has turned over the keys of his fifty-fourth saloon to the Sheriff, and the Casino that he opened is no more, says a dispatch from San Francisco.

At the annual session of the West Virginia Methodist Protestaht Conference, at Elkins, yesterday, the name of Rev. A. C. Ellison was dropped from the conference roll becanse of immoral conduct.

As a result of a race war at Carlisle, Ind., the negro Baptist Church was destroyed early yesterday by dynamite, which was placed under the altar. Bloodhounds have been put on the trails of the dynamiters. Threats are being uttered that if any arrests are made every negro in the town will be driven out.

A lettter from Borden Springs, Alabama, states that the window of "Stonewall" Jackson, who has been dangerously ill, is convalescent. Her grandchildren, Miss Julia Jackson Christian and Mr. Jackson Christian, have been with her. She expects to return to her home at Charlotte, N. C., in the near future.

HOLMES INDICTED.

United States District Attorney Morgan H. Beach, who had just returned to Washington from New York, announced last night that Edwin S. Holmes, jr., had been indicted, as well as Peckham and Haas, who have already been arrested, and are now under bond for their appearance, and that Holmes would surrender himself this morning. It is believed that Holmes completes the list of those indicted up to date on charges growing out of the cotton report leak. Holmes was until recently the associate statistician of the Department of Agriculture. He was dismissed as an outcome of the investigation into the leakage. There are two indictments covering the charges against the three men.

Following a statement made his counsel that Moses Haas, who has been jointly indicted with Frederick S. Peckham and Edwin S. Holmes, jr., in the cotton crop scandals on the charge of conspiring to defraud the United States, had not been in hiding, Mr. Haas formally surrendered to United States Marshal Henkel in New York yesterday. Mr. Haas was then taken before Commissioner Hitchcock. The commissioner accepted bail in the sum of $10,000. United States District Attorney Morgan H. Beach, who has had charge of the cotton scandal investigation, was present before Commissioner Shields yesterday afternoon when Mr. Haas was brought into court.

Section 5440, of the Revised Statutes, under which Holmes is indicted, and which it is understood forms the gravamen of the charge against the three men, provides that if two or more persons conspire either to commit any offense against the United States, or to defraud the United States in any manner, and one or more of such parties do any act to effect the object of the conspiracy, all the parties to such conspiracy shall be liable to a penaly of not less than $1,000, and not more than $10,000, and to imprisonment of not more than two years.

Lied Like a Gentleman.

As strange a story as that constituting the plot of any novel, will be told to Governor Higgins, of New York, by a New York city lawyer when he endeavors to secure the pardon of a man who chose to serve a sentence of three years' imprisonment in Sing Sing prison for theft, of which he was innocent, to shield the name of a woman from scandal.

Carl Fisher-Hansen, the lawyer, said yesterday that he would at once appeal for the pardon of the prisoner, whose name he would not reveal, at the request of the woman, whose reputation the prisoner had saved at an expense of his own liberty. The woman, Mr. Fisher-Hansen said, had visited his office within a few days, and said that her husband had just died, and that she now wanted to do justice to the prisoner. They had been friends, and, more than a year ago when her husband returned unexpectedly, he caught the other running away. To save her from scandal, the man confessed that he had broken into the room to steal, whereupon he was arrested and is now in Sing Sing.

"The prisoner," said Mr. Fisher-Hansen, "was a young college student, who disappeared from one of the colleges when he was arrested. No one has ever known what became of him, as he was tried and sentenced under an assumed name."

The woman in the case has also paid a penalty for her indiscretion, as a servant, who knew of the affair, has collected $86,000 in blackmail from her within a few years. She is a member of one of the best of the old families of New York, and her late husband owned several factories in New Jersey.

The lawyer added that he expected a signed statement from the woman and would then investigate the case.

Col. Mosby Criticized.

Col. John S. Mosby is being criticized by government attorneys. He is alleged to have given out to the press the information concerning the latest charges against Senator Burton, of Kansas, of which he was the official investigator, before he had made his report to acting Attorney-General Robb. Prosecuting officers habitually desire the conviction of offenders before they talk much about it, but some of Colonel Mosby's friends evidently persuaded him that public policy required some dissemination of the latest information as a check to the rising tide of sentiment in Burton's favor among Kansas politicians.

Colonel Mosby is employed by the department as a special attorney, and in that capacity went to the Indian Territory to investigate the case. When in Kansas and Nebraska investigating the land and cattle frauds some months ago his work was strikingly effective and resulted in many prosecutions. He was next sent to Alabama to follow the peonage cases.

The Department has issured a stringent order against further public statements regarding pending cases, supposed to be aimed at Colonel Mosby, and with this, it is thought, the matter will be dropped, although it has been predicted that an effort would be made to dislodge him from office.

Colonel Mosby has been a great favorite of republican Presidents. He espoused the republican cause at the close of the civil war, and Grant gave him the Hongkong consulate. McKinley placed him in the Department of Justice, where he has been promoted by President Roosevelt. He is 72 years old and in full physical and mental vigor.

Virginia News.

Mrs. Laura J. Vaughan, wife of Dr. J. E. Vaughan, a well-known physician of Lynchburg, died Thursday.

The Virginia Copper Company has been organized at Luray by Pittsburg and Indiana capitalists, for the development of the mineral lands at Stony Man Mountain.

Rev. W. L. Kinsolving, and his mother, arrived in Richmond on August 21st, after two months' trip abroad. Mr. Kinsolving assumed charge of Epiphany Church, Baron Heights.

Dorsey Mills, a young white man, aged about 23, had his left foot crushed yesterday between the bumpers of two freight cars of a Southern Railway freight train at Front Royal.

Dr. John Harvey Laird, of Sheerwood, has been chosen surgeon for the Virginia Military Institute. He was educated at Washington and Lee University and was graduated in medicine from the University of Virginia and Johns Hopkins.

John Smith, alias "Frisco Slim," the alleged pal of "Topeka Joe," was yesterday acquitted of the charge of robbing the Peninsula Bank at Williamsburg several years ago. Immediately upon his release he was rearrested on a Maryland warrant, charging him with housebreaking.

John Johnson, an aged farmer of the Fort district, Warren county, was attacked in Front Royal yesterday by James E. Sonner and cut in the neck, cheek and stomach. Mr. Johnson was also hit on the head by Benjamin Sonner with a heavy club, which rendered him unconscious for a long time. There seems to have been a grudge between Johnson and Sonner, which has been standing for some time, and yesterday matters came to a focus. Johnson is being attended by Dr. M. L. Garrison. Both James E. Sonner and his son Benjamin were arrested. Mr. Johnson's condition is serious.

Jones Charged With Murder.

The verdict of the coroner's jury in Norfolk yesterday was that Capt. Edward W. Jones killed Maud Cameron (or Robinson) by cutting her throat with a razor and that he should be indicted by the grand jury for murder.

Jones's friends have already employed an attorney, and they propose to conduct a vigorous defense with the object of saving him from hanging. They declare that he was insane. Etta Thompson, who lived in the same house and was a witness of the quarrel and the desperate struggle the woman made for her life, gave a thrilling account of the sceue, but the cutting was accomplished while she was at the door calling for help. Captain Jones' it will be remembered, had broken the telephone to prevent a police call.

The dead woman came from Selma, N. C., where she had been well educated and was well connected. She was 24 years old and was very pretty. She was buried in Norfolk yesterday with the Episcopal service.

It is now charged by the police that prior to her departure for Atlantic City, N. J., with another man 10 days ago, Captain Jones made an effort to kill the woman with a pistol. Two women rushed to her assistance and are said to have prevented murder at that time.

Friends of Captain Jones declare that the woman had been hounding and embarrassing him. On the other hand the police say they have collected evidence going to show that Captain Jones had been pursuing the woman after she had forbidden him the right to go to her house.

One of the members of the jury declared after the testimony was over that it was a cold-blooded murder and that the trial would go hard with the accused.

Justice J. J. Kelley said yesterday that he had been asked to take the antemortem statement of Captain Jones at St. Vincent's Hospital, under the impression that Jones was about to die. When he appeared at the hospital for that purpose he found the condition of Captain Jones so favorable that the antemortem statement was not taken. Captain Jones will soon be well enough to tell his story.

The funeral of Maude Cameron Robinson, the woman who was murdered by Capt. E. W. Jones, took place yesterday evening. The services were conducted at the graveside, in the Cedar Grove Cemetery, by Rev. Mr. Snead, pastor of Emanuel Episcopal Church, in the presence of a few friends of the unfortunate girl. Two young men, said to be relatives of the dead woman, were present. The body was laid away in a lot purchased from the estate of the murdered woman.

To Impeach the Mayor.

For his outbreak at the Municipal League convention at Toledo, Mayor James G. Woodward, of Atlanta, Ga., is to be requested to resign by the city council. If Woodward refuses to resign, the council will immediately take steps to impeach him. The caucus majority of the members of the council, which decided on this action, also determined to adopt resolutions apologizing to Mayor Dunne and the city of Chicago for Woodward's attack. Feeling in Atlanta over Woodward's action is very bitter, chiefly because he is an old offender. When he served as mayor four years ago he was incapacitated for weeks, and was frequently arrested on the streets in company with women of little standing. Finally, to escape impeachment near the close of his term, he signed a pledge to resign should he offend again. Leaving office, he was given a position by the Atlantic Street Railway Company, which had secured a monopoly of transportation franchises during Woodward's term in office. About a year ago Woodward was re-elected, owing to the fact that he received the solid labor vote, 2,000, while the remaining 7,500 votes were split among four other candidates. Woodward was in Memphis some time ago in company with a notorious woman and the council was on the point of bringing impeachment proceedings then.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people who seek to profit through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. BUCKLEN & CO., Chicago. The Peace Negotiations.

Portsmouth, N. H., Aug. 26.—Russia's answer to Japan's modified demands is a counter proposition. It goes beyond what had been expected that it would, and instead of being a declination purely it is understood to be so framed as to furnish a basis for further negotiation Whether this will be of one day's duration or a dozen is but mere conjecture. But from the fame of mind of the two governments, as indicated by the developments of the past 48 hours, there is excellent ground for the belief that neither of them desires to break off negotiations at this time.

The answer was not received until late last night. For that reason no final decision as to the day or hour of meeting has been fixed, although when the conference adjourned on Wednesday, it was until 3 o'clock today. Yesterday, however, there was some talk of meeting this morning, but for some reason, althongh the matter was under consideration at midnight, no definite announcement has been made.

This morning, and as it was all through the night, the tension is high. The envoys attempted to appear indifferent to the outcome, but they appeared in public only when the necessity demanded it. From the hints that were dropped by members of the respective suites and from cable information from across the water, it was apparent that for the time being the home governments had charge of the negotiations.

M. Witte was seen by the newspaper correspondents relative to a publication in the St. Petersburg Slovo, purporting to come from its Portsmouth correspondent, which declared that a member of the imperial family had expressed his belief that Russia was considering a compromise and that he believed peace was in sight. The senior Russian envoy flew into a rage, when he read the telegram, and denounced it and the news agency that had sent it out. With violent gesticulation M. Witte declared that it was merely a part of the general scheme of misrepresentation of which this news agency had been guilty. He pointed to the alleged interview with Count Lamsdorff, which was later specifically and categorically denied by the Russian Foreign Office, as another illustration, and declared that he was getting very tired of having to every day deny these false reports.

The envoys and the members of their staffs were up early this morning making preparation for the day's meeting. The session of the conference is not expected to be a long one. The protocol of last Wednesday's session will come up for consideration and signature the first thing.

Then, if the Russians' counter-proposition is presented, the Japanese envoys, it is expected, will move for an adjournment until probably Tuesday, in order to give them time to examine the reply and communicate it to Tokio.

Portsmouth, N. H., Aug. 26.—The Russian envoys, through their spokesman, M. Korostovitz, do not admit the answer of their government to the Japanese proposals is in any way a counter-proposition. Their only reference to it is that it is not an ultimatum, and they say that it may or may not furnish the basis for further negotiations. "Is Russia's answer of such a character as to lead to further negotiations?" he was asked. After a moment's hestiancy, he answered: "That depends upon today's developments. The Japanese envoys may at once express their dissatisfaction at Russia's attitude. That would mean the end. Japan may have a further proposition to submit or something may come from our side. Then, again, the Japanese envoys may desire further time for consideration. The fate of the negotiations rests upon the attitude taken today." "What is your personal opinion of the prospects?" Mr. Korostovites was asked. I am beginning to believe that the conference will end today or at least on Monday."

Three specific propositions, are, it is understood embodied in the Russian answer. They are:

1—A reiteration of her determination not to pay a cash indemnity of any amount under whatever guise the proposition may be presented.

2—A refusal to purchase half of Saghalin island, and to establish a dual government thereon.

3—The expression of a willinguess to reimburse Japan to a reasonable amount for the maintenance of Russian prisoners and for certain other charges which Russia is willing to recognize.

Portsmouth, N. H., Aug. 26.—M. Witte said at 1:25 o'clock. "It all depends on Japan, and whether she is willing to make concessions. I do not anticipate any favorable result from today's session, and am ready and anxious to get away."

It is feared in some quarters that Russia is pushing Japan too far and that the Japanese may call Russia's bluff, by ordering the breaking off of negotiations.

Mr. Sato, the Japanese spokesman, when informed of M. Witte's statement, said with a smile; "All right. We can act accordingly, then."

St. Petersburg, Aug. 26.—The statement was made today at the Foreign Office that the government entirely agrees with the opinion expressed by M. Witte, in a telegram to the Czar, that a compromise should be offered to Japan. It is believed that Japan would accept such an offer as proposed. The only question now is whether Japan will reduce her demand for a money payment sufficiently to meet Russia's views as to what she ought to pay. The correspondent of the Publishers' Press is in a position to insist upon the assertions which have been made previously that according to the present outlook peace would be concluded.

Burned to Death in Hotel Fire.

Maranacook, Me., Aug. 26.—Three persons were burned to death and five others burned or injured in a fire which early today caused the destruction of Hotel Maranacook, situated on the shore of Lake Maranacook. Nearly a hundred guests and employes escaped only by rushing from the building, some of them jumping from the windows, and all in scant clothing. The fact that three persons perished in the flames did not become known until a search of the ruins during the forenoon revealed the presence of three charred bodies. There was nothing by which the bodies could be identified. The fire was caused by a defective flue and spread with such rapidity that the guests saved none of their personal effects. The roof of the hotel fell in half an hour after the fire started. The property loss is about $10,000, covered by insurance, while $1,500 will cover the loss of the guests and employes.

Unusual Brutality.

Vienna, Aug. 26.—A story of unusual brutality practiced by a beggar upon three children comes from Kalmarya, Galicia. A woman named Decewicki, who was touring near Kalmarya, with a party of friends, was attracted by the apparent misery of a boy who was being pushed about in a hand cart by a beggar, and offered the child a coin. When the boy looked up the woman was surprised to recognize her own son who was kidnapped three years ago. She called to her friends and the beggar was captured after an attempt to escape. The boy told a terrible tale of suffering at the hands of the beggar. Shortly after he had been kidnapped, he said the beggar had broken his leg in two places, and then twisted the legs out of shape so that in knitting together the bones would not set straight. Two other children, he said, had been similarly mistreated by the beggar. The man sent the children out to beg for him, and was in the habit of displaying them at local fairs, where compassionate people gave them large sums because of their apparent misery.

Swimming the English Channel.

Dover, Eng., Aug. 26.—T. W. Burgess, the Yorkshire swimmer, who has made several unsuccessful attempts to swim the English channel, started again this morning in another effort to complete the long swim. Burgess entered the water at six o'clock. The sea was fairly smooth and he caught the tide at the proper point, making his progress easier. He made better time at the start than has been made in any of the recent attempts, and covered three miles and a half in three hours. A report received early this afternoon said that Burgess had covered fourteen miles. The wind has increased and is blowing from the southwest, but it is believed notwithstanding this, he has a good chance to succeed, Burgess was finally obliged to give up the attempt later in the afternoon, and was taken on board his boat. He had completed 16 miles when he abandoned the attempt. The heavy sea which was running, made it impossible for him to make much headway and recognizing his inability to complete the swim, Burgess gave up.

Futurity Races.

Sheepshead Bay, L. I., Aug. 25.—The great Futurity rece for two year olds, nominated for the event before they are foaled, will be run this afternoon over the Futurity course of six furlongs at the Sheepshead Bay race track. Seventeen horses have been entered to start for the rich prize for $50,000. Forty thousand people are expected to see the race, which is the eighteenth running Futurity. Seventeen years ago the race was won by Proctor Knott, owned by "Sam" Bryant. The mighty Salvator was second and Galen third. All three horses were eye lashes apart, and it was not until the judges had hung up the numbers that the thousands knew who had won. The race will be the most open Futurity event ever run, In fact this morning such a sage bookmaker as Orlando Jones remarked that he had spent hours figuring on the entries and could find no favorite.

Feats of the Plunger.

Oyster Bay, N. Y., Aug. 26.—President Roosevelt saw the submarine boat Plunger go through her manoeuvres this morning. Yesterday he plunged with her, so he was able so view her exploits today with the eye of an expert The President, accompanied by Mrs. Roosevelt and their children and several of their cousins of the W. Emlin Roosevelt family, left the West Roosevelt dock shortly after nine o'clock in the swift little launch "Dart" and were taken aboard the Sylph. The Plunger, which had been lying like a sleeping purpoise, near the tug Apache, during the night, then got under way, and slowly glided out to the sound, the Sylph steaming 300 or more yards ahead. When the deep water of the sound was reached, the Sylph was anchored, and the Plunger proceeded to go through her stunts.

Burned to Death.

Erie, Pa., Aug. 26.—Capt. P. H. McMahon, of the yacht Mystic, and a brother of Chief Justice McMahon, was burned to death in his living apartments shortly after four o'clock this morning. The entire third floor of the building was burned out, and it was evident that the sleeping man did not know the building was on fire until the flames had reached him, and all means of escape was cut off. Exploding gas caused the fire. Capt. McMahon was 45 years old and unmarried. He had attained considerable fame for his many heroic deeds in saving life in the bay, Congress having recently awarded him a silver medal for life saving.

Death From Cancer.

Havana, Aug. 26.—Edward Yero, who had been a member of the Cuban cabinet since the organization of the government, died this morning of cancer, from which he had suffered for several years. During the revolutionary period, Yero was prominently connected with the civilian branch of the revolutionary work, and he was appointed secretary of the government by President Palma.

Claim a Foul.

San Francisco, Aug. 26.—After the contest between "Buddy" Ryan and Jimmie Gardner had gone fifteen rounds at Colma, last night, Ryan's seconds threw up the sponge, claiming that their man had been fouled. Referee Roche gave the fight to Gardner, but declared all bets off.

Reception to Congressman.

Schleis, Germany, Aug. 26.—Congressman Richard Bartholdt, of St. Louis, who is on his way to attend the thirteenth session of the interparliamentary Union, which begins at Brussels on Monday, was tendered a great reception by this city, which was his former home.

They Appeal to Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. The Only Way.

There is no way to maintain the health and strength of mind and body except by nourishment. There is no way to nourish except through the stomach. The stomach must be kept healthy, pure and sweet or the strength will let down and disease will set up. No appetite, loss of strength, nervousness, headache, constipation, bad breath, sour risings, rifting, indigestion, dyspepsia and all stomach troubles that are curable are quickly cured by the use of Kodol Dyspepsia Cure. Kodol digests what you eat and strengthens the whole digestive apparatus. W. F. Creighton & Co., 401 King street.

The German Note.

Paris, Aug. 26.—The German note on the Moroccan question was presented to Premier Rouvier by Prince Radlin, the German Ambassador, today. Following the presentation of the note it was discussed by M. Rouvier and the German representative.

As foretold yesterday, the note deals with the terms under which the coming conference by the powers on Morocco, will be held, and the conditions to which any reforms will be subjected. Several of the points raised will necessitate a further exchange of notes between Germany and France. The general tone of the note is conciliatory, and this is taken as an indication that peace between Russia and Japan will soon be agreed to. It has been remarked that the attitude of Germany was aggressive while it seemed certain that the war in the far East would be continued. Now, she feels, apparently that she cannot afford to be a factor in disturbing the peace, although she was ready enough to profit by the trouble of another's making.

Snakes to Fight Duel.

Harrisburg, Pa., Aug. 26.—State Zoologist Surface is trying to bring about a duel between a blacksnake and a copperhead snake for the purpose of testing the theory that blacksnakes kill poisonous reptiles.

Dr. Surface received a blacksnake and a copperhead snake Thursday, and immediately placed both reptiles in a box 5 feet long and 4 deep. As yet their surroundings are so new and so utterly unlike what they have been used to that neither has mustered sufficient courage to commence an attack.

If the blacksnake kills the copperhead, Dr. Surface believes he will be justified in accepting the theory that the rattler is also killed by the blacksnake, as the copperhead is more venouous than the rattler.

Killed by Trains.

Jersey City, N. Y., Aug. 26.—In attempting to save the life of a man who had fallen on the tracks while trying to get out of the way of an express train on the Pennsylvania Railroad, at Lindon, this afternoon, Patrick Dunn, a section foreman, was struck by the train and instantly killed. The man he had attempted to rescue rolled off the tracks uninjured just as the express dashed past. Dun's body was hurled fifty feet through the air.

Atlantic City, N. J. Aug. 26.—Wm. Brennan 14 years old, son of station master Brennan, of the Pennsylvania Railroad jumped from a shifting engine here today in the path of an incoming express train and was crushed to death.

Yellow Fever.

New Orleans, Aug. 26.—There were 60 new cases and six deaths yesterday. There has been a total of 1,665 cases. A new case has been reported at Morgan City. Gulfport, Miss., has three new cases. One new case is reported at Mississippi City. A general fumigation of all houses to kill existing mosquitoes is arranged to begin at noon today and to last throughout tomorrow. Ten sick negroes have been discovered at Lake Providence.

New Orleans, Aug. 26.—Up to 12 o'clock 15 new cases of yellow fever and 6 deaths from the disease had been reported.

Race for Prince of Wales's Cup.

Halifax, N. S., Aug. 26.—The race for the Prince of Wales cup was sailed off here today, with a light easterly breeze of five knots. Three American yachts, Elmina II., Corona and Hope Leslie started. The distance for the race is thirty miles. The cruiser Canada reported by wireless that the Corona rounded the first mark five lengths ahead of Elmina II. The Canada yacht Gloria was third, and the Hope Leslie fourth. A later wireless message from the cruiser announced that the Elmina II. had turned stake at 1:04:20? the Corona at 1:20: At that time the Gloria was two miles astern.

Robbed by a Negro.

New York, Aug. 26.—Wm. Peters, a West Indian negro, was arrested early this morning, on a charge of highway rabbery, after attacking Miss Lillian Williams, on the stairs of the Sixty sixth street "L" station and robbing her of a pocket book containing $26, and a diamond ring.

Attempted Suicide.

Liverpool, Aug. 26.—A man giving his name and address as John Simpson, 716 Broadway, cut his throat on the landing stage here today, and then jumped into the Mersey river. He was rescued by the police and taken to a hospital.

Appointed General Superintendent.

Portsmouth, Va., Aug. 26.—Charles H. Six, of Richmond, Va., superintendent of this division of the Seaboard Air Line Railway, has been appointed General Superintendent, vice Major F. K. Hughes, resigned.

Wife Kills Her Husband.

Buffalo, N. Y., Aug. 26.—John Honor died yesterday of supposed natural causes. This morning Honor's wife gave herself up to the police, saying she had killed her husband by feeding him carbolic acid. The death of a child, she said, had so affected her that she imagined she was justified in killing her husband. The woman is locked up pending further investigation.

New York Stock Market.

New York, Aug. 26.—The stock market opened lower and somewhat excited. After ten minutes the tone was heavy without much change. The closing tone was confident, with prices firm. The bond market lacked feature.

Heavy Woman Through the Earth.

While hanging out clothes in her yard in North Scranton, Pa., Mrs. Edward Moran, whose weight is 300 pounds, suddenly felt the earth give away beneath her. Before she could escape it went down into a mine breach, carrying her along, to a depth of 30 feet.

She clogged in the debris right on the edge of the mine pitch, and from this dangerous point she was rescued by her husband, who was let down with ropes, which he fastneed about her. Then firemen pulled her to the surface. She suffered more from the shock than bodily injuries.

The Late Joseph S. Beach.

The death of Justice Joseph S. Beach, of the Second ward, having occurred late yesterday evening, only the simple announcement of the occurrence could be made in the Gazette of that date. Mr. Beach had been a sufferer from organic troubles for a long time, and recently had been critically ill. He had recuperated, however, and was moving around as formerly, and yesterday was on the streets. In the afternoon he entered the office of his wood yard on north Royal street and took a seat. He rested his arms upon the desk and reclined his head as if indulging in a nap, and while in that posture death overtook him. He was seen later by a member of his family, who supposed he was asleep, but when an attempt was made to arouse him he was found to be unconscious. A physician was summoned, but he expired before the doctor's arrival. Mr. Beach was a native of Fairfax county, but had lived in this city since he was a mere child. He was in the fifty-four year of his age. He represented the Second ward in the City Council several times, was once an unsuccessful candidate for the democratic nomination for mayor, and later was an independent democratic candidate for that office, but was defeated. As a justice of the peace he had often presided over the Police Court. Mr. Beach was married twice. His first wife was a Miss Tomlin, whose children are Messrs. Walter, Herbert, and a grown daughter, Mrs. Apgar. His second wife was a Miss Fossett, who, with two children, Marion and Barbour, survive. He was a brother of Officer Jefferson D. Beach. The deceased was justly popular. Of a jovial and friendly nature he made friends wherever he made acquaintances, and his death is regretted by all who knew him. The deceased was a member of the Knights of Honor of this city.

Heavy Rains.

The heavy rains which set in shortly before noon yesterday continued at intervals last night. The temperature took a decided tumble and the oppressive weather of the week was soon a thing of the past. In fact the atmosphere became chilly and this morning conditions resembled those of early fall.

Heavy rains have prevailed over a large area during the past twenty-four hours. When the clouds were gathering over Alexandria yesterday the heavens were black in the north, and Washington was being deluged with rain. It is said that 3.73 inches fell, which was greater than that of any other port of the United States. The rains were heavy northeast of Washington, extending to Baltimore, as well as places north of that city. In the monumental city the rain was accompanied by one of the severest storms of the summer. The wind blew 25 miles an hour, and 1.01 inch of rain fell in thirty minutes. There were numerous washouts on railroads and the lightening was awful. Three women at Rockdale and four men at Hamilton were stunned. A number of persons were shocked by a bolt which struck a tree in the Towsen courthouse yard. Considerable damage is reported in the neighborhood of Baltimore.

Torrential rains Thursday night and yesterday have caused a dangerous rise in the tributary streams of the Potomac. Nearly three inches of water has fallen since Thursday evening. The Potomac river at Williamsport, Md., last night was rising at the rate of a foot an hour, and considerable damage has resulted. It is feared that further trouble is to follow. Heavy rains extending over a large area are reported.

River Notes.

The steamer Norfolk arrived this morning a little behind her regular schedule time from the fact that she had been tossing all night in Chesapeake Bay while forging ahead against high seas and a heavy northeast wind. Most of the passengers suffered from mal de mer. The Norfolk escaped injury.

The monitors Florida, Arkansas and Nevada of the North Atlantic fleet recently ordered to the Washington navy yard with first-class midshipmen on board for the purpose of instruction at the naval gun factory, passed up the river between 8 and 9 o'clock this morning.

The schooner Dixon, loaded with lumber by Smoot & Co., has sailed for Munday's Point.

The pump at the corner of Fairfax and Franklin streets is out of order and is causing considerable inconvenience to people living in that vicinity.

Personal.

The midsummer german given last Friday night by the Manassas German Club at the Hotel Prince William was a brilliant affair. The large splendid dining room was a scene of pleasure until a late hour. Among those present were: Mr. Nelson Ransdell and Miss Dudley of Alexandria; Mr. W. H. Lipscomb and Miss Duffey, of Alexandria; Mr. Louis Duffey of Alexandria and Miss Portia Moran.—[Manassas Journal.

Miss Elizabeth Staymaker, is the guest of Mrs. C. F. Towson, in Falmouth.

Miss Annie Washington, is the guest of the Misses Fucha at Virginia Beach.

Mrs. Stephen Swain is visiting in Fairfax county.

Mrs. Willard P. Graves who has been very ill for several weeks with heart trouble, is improving.

Miss Sue Pierson, of Fairfax, expects to leave next week, to make her home for an indefinite period in Massachusetts with Mrs. Huron, an intimate friend since their school days, who is now an invalid.

Miss Barbara Murrian, daughter of the former Master Mechanic of the Southern Railway shops in this city who has been the guest of Mr. and Mrs. Wm. Campbell for the past week, has returned to her home at Spencer, N. C.

Mr. and Mrs. W. B. Smoot have returned from a trip to Atlantic City and other coast resorts.

Mrs. Robt. F. Green is visiting her relatives in Altoona, Pa.

Captain Joseph B. Drew and family have returned from Colonial Beach, where they spent the summer.

Miss Hortense Leterman, who has been visiting her grandparents, Mr. and Mrs. Henry Strauss, returned to her home in Charlottesville today.

Miss Mary Howard, of Manassas, is visiting Miss Louisa Bisson, on north Henry street.

Rev. Dr. Green, of the Seminary, will preach at St. John's Chapel, West End, at 11 o'clock tomorrow.

Mrs. John Payne left this morning to visit relatives in Charlottesville.

Mrs. Charles Zimmerman left today to visit relatives in Baltimore.

Mr. and Mrs. Robert Wallace, accompanied by Miss Madeline Richards, have gone to Atlantic City.

New Highway Bridge.

The work of building the draw span of the new Highway bridge has been started and the main channel of the river is blocked by the work, so that vessels going to and from Georgetown have to pass between piers six and seven on the Washington side of the draw. The tugboat men, it is stated, do not like the idea of towing large vessels laden with ice and asphalt through this narrow channel to Georgetown and bringing coal-laden vessels out. Many of the vessels that go to Georgetown will draw over eighteen feet of water loaded, the maximum depth of the channel. The tugboat men state that the present arrangement is a dangerous one and they will be fearful every time they take a vessel through the bridge of a collision with the piers. There is some talk of using two tugs to take vessels through the bridge, one ahead to tow her and the other alongside to keep her from sheering out of the narrow channel.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Henry Gilmore and Henry Frost, arrested by Officer Mayhugh charged with begging on the street, were dismissed upon promising to leave city forthwith.

Frank Connelly, arrested by Officer Bettis charged with drunken and disorderly conduct, was conducted beyond the city's limits.

Baseball.

As heretofore stated, the Alexandria Athletic Club and the St. Paul team, of Washington, will play a game of baseball on the fair grounds this evening at 5 o'clock. The St. Paul nine is considered one of the best Church League teams in Washington, and a very closely contested game is expected to be the result. It is said that ample police protection will be given the teams and no disorderly conduct allowed on the grounds.

Political Prognostications.

Some of the supporters of the candidates who emerged second-best in last Tuesday's contest previous to the election made an inventory of political conditions and confidently predicted a walk-over for their champions. Upon having their attention called to these forecasts concerning the political sky, they now say that instead of a walk-over their probabilities should have read a "snow-over."

The Market.

The supply of country produce in market this morning was not as profuse as that of last Saturday, although prices had varied but little from the quotations given in the Gazette. The country people reported an abundance of rain and a fair season generally for most crops.

DIED.

Suddenly, on August 25, 1905, JOSEPH S. BEACH, beloved husband of Ida E. Beach, aged 54 years. Funeral from his late residence tomorrow (Sunday) afternoon at 5:30 o'clock. Friends and relatives are invited to attend.

On Friday, August 25, 1905, JAMES, beloved husband of Alice Miffleton. Funeral tomorrow (Sunday) evening at 4 o'clock. Friends of the family are invited to attend.—[Washington and Baltimore papers please copy.

LOCAL BREVITIES.

A called meeting of the Friendship Veteran Fire Association was held last night for the purpose of making arrangements to attend the funeral of Mr. James Miffleton, which will take place tomorrow afternoon.

Henrietta, the infant daughter of Mr. Charles A. Strobel, formerly of this city, died in Washington Thursday night. The interment took place in this city this afternoon, Rev. Mr. Jeffers conducting the services.

A boat containing four young men, employed in the Baltimore and Ohio R. R. transfer service between this city and Shepherd's, was upset by the wind yesterday opposite the city. A tugboat went to the rescue and brought the young men and their submerged boat ashore.

A horse attached to a wagon while proceeding down King street this afternoon became unruly and kicked the shafts to pieces. An Italian who was seated in the vehicle had one of his legs broken by the animal's hoofs. He was carried to the Alexandria Hospital in the ambulance.

Mr. Julian Knight has completed a fine dining room and other improvements at the Hotel Fleischmann. Mr. Knight has received the contract for extensive improvements in Mr. Louis Brill's cafe and pool room; also for repairs to the building occupied by B. Bass, on north Royal street, recently damaged by fire.

[COMMUNICATED.

A DISGRACEFUL INCIDENT.

One of the most disgusting spectacles ever witnessed in our city took place on the old fair grounds Thursday evening after the baseball game between the Alexandria Athletic Association and the St. Aloysius team, of Washington, D. C. A crowd of hoodlums, who had become incensed at decisions rendered by the umpire, attempted to assault him, and for quite a distance vented their wrath by throwing stones, tin cans, sticks and anything which came to hand at his person. While this condition of affairs continued for over half an hour, there appeared to be no police on duty in that locality, as none appeared on the scene. There is a crowd always in attendance at these games, composed of our best citizens, male and female, who take great pleasure in the sport, but, strange to say, absolutely no police protection has been given the ball team and our citizens against the misconduct of some who attend, who appear to think that the ball team and its respectable patrons have no rights they are bound to respect. The management has appealed to the mayor for protection, offering to pay for the services of a special officer, if such officer is deputized. His honor promised in the beginning of the season to arrange for the protection, but until a week or ten days ago nothing was heard of the same, at which time the mayor called the undersigned aside at one of the games (with an attendance of between 1,000 and 2,000) and said he recognized the fact that we, the Alexandria Athletic Association, were drawing large crowds and needed protection, and that he would arrange with a couple of officers not on duty to police the grounds for us, said officers to be paid one dollar each. Now, special officers are appointed (by the mayor) for the Opera House, railroad stations, &c., and I am informed that officers are even sent out of the city in uniform for the protection of the railway contractors on pay day. Now, is this city run for the protection of a favored few or for all of her citizens? Let us have justice and let our citizens enjoy this harmless pleasure.

J. FRED BIBBELL,
Manager Alexandria Athletic Association

The Mosby Reunion.

The committee of arrangements for the reunion of Mosby's men has nearly completed the programme. The veterans will meet in the court-house Thursday morning, Aug. 31st, at 10 o'clock, when an address of welcome will be made by Mayor T. P. Wallace. A response will be made by one of Mosby's men, after which a business session will be held.

At 1 o'clock the veterans will be tendered a lunch at the Opera House.

At 3 o'clock an open meeting will be held at the courthouse, which will be free to the public. At this meeting sweet music will be rendered by the College Orchestra and short, appropriate addresses will be made by several local veterans, as well as a number of the visitors. In addition to the regular programme others in the audience will be called upon for short impromptu talks.

All Confederates in this city and from the surrounding counties are invited to join the Mosby veterans at the luncheon and in the meeting afterwards. The day promises to be a most interesting one. The full programme will be announced later.—[Fredericksburg Star.

M. K. Lowry, of Stafford, recently appointed Collector of Internal Revenue for the Richmond District, will take charge of the office about September 1st. He says he will not endeavor to have the office moved to Fredericksburg.

David Draper, of South Africa, left New York for Virginia yesterday with the intention of finding diamonds in the South. He says he believes diamonds can be found in Virginia, North and South Carolina and Kentucky.

Perfection Mosquito and Fly Canopies.

Why be annoyed by mosquitos and flies when it can be prevented by a very small expense and no trouble?

We call special attention to the fact that the "Perfection" 5-coil canopy springs have been THOROUGHLY TESTED in tension, action, power and endurance, and found that they will lift any grade new net to a perpendicular position against the head board, and will also undergo the strain of being fastened down, day and night, continuously for many months without showing signs of weakness, when properly adjusted. They are small in diameter; noiseless in operation; look neat and pretty; are not clumsy nor in the way; are strong and durable, and the most perfect canopy springs ever put on the American market.

Made in all sizes and can be adjusted to either metal or wood beds.

Have us put one up for you, and after one week's trial if not entirely satisfactory we will take it down and refund your money.

SATURDAY EVENING, AUG. 26, 1905.

Nude Man in the Street.

An elderly white man, who the Baltimore police say escaped from Johns Hopkins Hpositat, startled the residents of northeast Baltimore yesterday morning by parading the streets in a perfectly nude condition. He fought like a maniac when taken in custody by a patrolman, and it was necessary to handcuff and schakle him before he could be taken to the station house. Later he gave the attendants at the Johns Hopkins Hospital a hard tussle when he was returned to that institution. The man, according to police reports, was Malong Susong, sixty years old, a resident of Jonesboro, Tenn. He arrived in Baltimore several weeks ago to undergo an operation for a cancer on the neck. The operation was performed successfully, it is said, but from long brooding over the malady the patient's mind became affected. On Thursday night, when an opportunity presented itself, he stole stealthily from the ward in which he was located, and while the attendants were off their guard gained the street. Once out of the hospital the man, with not even a shirt to hide his nakedness, dashed down Brondway to Monument street and had gotten as far as Aisquith street when he was overtaken by the patrolman, who had been notified by a citizen that a nude man was abroad on the streets. When accosted by the officer the demented man endeavored to get away, but when he found that he was a captive he turned on the officer and fought like a fiend. When the man realized that he was being taken back to the hospital his fury knew no bounds, and he struggled with the officers and the attendants at the hospital until his strength gave out and he fell exhausted to the floor, in which condition he was carried back to the ward from which he escaped.

Colic and Diarrhoea—A Remedy that is Prompt and Pleasant.

The prompt results produced by Chamberlain's Colic, Cholera and Diarrhoea Remedy together with its pleasant taste have won for it a place in many households. Mr. W. T. Taylor, a merchant of Winslow, Ala., writes: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy myself and also with men on my place, for diarrhoea and colic and it always gives relief promptly and pleasantly." For sale by Gibson and Timberman and W. F. Creighton & Co.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Grave Trouble Foreseen.

It needs but little foresight, to tell, that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by E. S. Leadbeater & Sons, druggists at 50c a bottle.

Pleasantly Effective.

Never in the way, no trouble to carry, easy to take pleasant and never failing in results are DeWitt's Little Early Risers. These famous little pills are a certain guarantee against headache, billiousness, torpid liver and all of the ills resulting from constipation. They tonic and strengthen the liver. Cure Jaundice. Sold by W. F. Creighton, & Co., 401 King street.

Soothing and Cooling.

The salve that heals without a scar is DeWitt's Witch Hazel Salve. No remedy effects such speedy relief. It draws out inflammation, soothes, cools and heals all cuts, burns and bruises. A sure cure for Piles and skin diseases. Dewitt's is the only genuine Witch Hazel Salve. Beware of counterfeits, they are dangerous. Sold by W. F. Creighton & Co., 401 King street.
